WHY GET A HOME LOAN PRE-QUALIFICATION?

One of the most important investments you will make is the purchase of a home.

As a prospective homeowner, a mortgage loan pre-qualification is extremely beneficial in establishing how much you can borrow and the price range of homes you can afford to buy.

With a mortgage loan pre-qualification, United Credit Union reviews your finances and estimates the maximum amount of loan for which you would qualify.

Pre-qualifying for a home loan is a great first step in making sure you can afford the home you desire.

Knowing how much you can afford to buy upfront saves time when you start house hunting. It's also beneficial to your real estate agent and the seller to know you qualify for a mortgage loan and are serious about purchasing the home.

Once you have decided that you are ready to search for a new home, United Credit Union can help you find a mortgage loan that fits your lifestyle and budget.

FINANCIAL ESSENTIALS For College Freshmen

This summer recent High School graduates are making checklists of all the things they need to get before heading off to college or university. Many times, however, students and their parents miss the less tangible items before heading off to school. Leaving young incoming freshmen on their own to figure their own financial management tools.

If you have a teenager heading for college, make sure to have these four financial items from United Credit Union squared away before moving your student into their new dorm room.

Free Checking

Students need an account with no minimum balance requirement or monthly fees. Our free checking offers features including: no monthly maintenance fee, no minimum balance requirement, free debit card and free Online Banking and Mobiliti Banking. Plus, over 30,000 surcharge free ATMs nationwide.

Free Debit Card

With a debit card, it's easier for students to track spending. Using their phone to keep an eye on their account is a free tool offered by United Credit Union to monitor activity, check available balances and avoid costly overdrafts. It's also a way to be on guard against fraudulent transactions.

Secured Credit Card

Our secure credit card is great for students learning to handle credit. The card is secured by money that is pledged in an account with the credit union and requires a deposit of at least \$500. The card features no annual fee and no transaction fees at a low annual percentage rate. A secured card is an actual credit card, unlike a prepaid card. It allows students to build credit to rent an apartment, buy a car and save on insurance premiums once they graduate.

Online and Mobiliti Bank Alerts

Alerts can be customized to report deposits, withdrawals and bill-due dates. Students can also be notified when their account balance is getting low, which will help avoid fees.
